Program ID numbers

Some vendors require your program ID numbers during sign-up.¹ Your GPO ID can now be found in the upper-right section of your portal. You can also email memberservices@advantagetrustpg.com for help locating or using your ID numbers with vendors.

¹ Signing up is the process of notifying a vendor that your facility is a part of this discount program. This requires sending an email, making a phone call, or faxing in a brief form. It's a quick, one-time set up. Then order as instructed on the portal -- online, through a sales representative, in-store -- to receive discounted pricing.

Your ACA Portal

The PurchasingPoint discount program is available to your facility as an accredited camp with the American Camp Association. Your portal provides easy access to information about the program.
